Impala this is the harness you need.

After doing research after purchasing my 01 Impala I discovered that a lot of the internal controls are in the radio so it's recommended to keep the factory radio, this is the harness you need for that job.

In some vehicles, you need to plug in the harness somewhere other than behind the radio. A great example is a common version of the Ford Taurus, where the factory amp and radio tuner are located in the vehicle's trunk. These harnesses often consist of a basic wiring scheme that has wires long enough to
