Egyptologist Barbara Watterson notes that "medicine in ancient Egypt was relatively advanced and Egyptian doctors, who were all, with one or two exceptions, male, were skilled (46). Even so, for a civilization which regularly dissected the dead for embalming, doctors had little understanding of how most of the internal organs worked and blamed disease on supernatural forces.

Egyptian Medicine - Ancient History Encyclopedia

The ancient Egyptian people were grouped in a hierarchical system with the Pharaoh at the top and farmers and slaves at the bottom. Egyptian social classes had some porous borders but they were largely fixed and clearly delineated, not unlike the medieval feudal system. Clearly, the groups of people nearest the top of society were the richest and most powerful.
