Wellness Center - Salt of the Earth Sa

The book is part science, part character study and a lot of adventure as mankind colonizes (and begins to change) the red planet. But it's not just Mars which is changed. Those who colonize Mars are profoundly impacted by the new environment as are the next generation (the real Martians who might be part of mankind's future?). Red Mars is not always an easy read, but it has a big payoff for ...

Salt and Light - "You are the salt of the earth. But if the salt loses its saltiness, how can it be made salty again? It is no longer good for anything, except to be thrown out and trampled underfoot. "You are the light of the world. A town built on a hill cannot be hidden. Neither do people light a lamp and put it under a bowl. Instead they put it on its stand, and it gives light to ...

Red Sea is a direct translation of the Greek Erythra Thalassa (Ερυθρά Θάλασσα).The sea itself was once referred to as the Erythraean Sea by Europeans. As well as Mare Rubrum in Latin (alternatively Sinus Arabicus, literally "Arabian Gulf"), the Romans called it Pontus Herculis (Sea of Hercules). Other designations include the Arabic: بحر الجبل , romanized: Al ...

In chemistry, a salt is a chemical compound consisting of an ionic assembly of a positively charged cation and a negatively charged anion, which results in a compound with no net electric charge. A common example is table salt, a molecule of which has a positively charged sodium ion and a negatively charged chloride ion.. The component ions in a salt compound can be either inorganic (such as ...
